

Cielo Receives Draft EPEA Permit

Vancouver, British Columbia, Canada / April 23, 2018 / CSE:CMC: Cielo Waste Solutions Corp. ("Cielo" or the "Company") is pleased to announce that on Friday April, 20th, 2018, the Company received its draft Environmental Protection and Enhancement Act Permit (the "Permit").

The Permit will govern and set out the requirements to be followed by Cielo in the construction and operation of its commercial refineries at its Aldersyde location. Cielo is in the process of reviewing the draft Permit and will provide any feedback to the government over the coming days. Once Cielo accepts the draft Permit, the final step is Minister approval, following which the final Permit will be issued.

Don Allan, President and CEO, stated "We are pleased to have received the draft EPEA permit because it means that we are close to completing the permitting process, which will allow us to focus on the final stages of construction of our first commercial refinery."

About Cielo Waste Solutions Corp.

Cielo Waste Solutions Corp. is a publicly traded company with its shares listed to trade on the Canadian Securities Exchange ("CSE") under the symbol "CMC". Cielo holds the exclusive license for the global rights to a transformational, patent-pending, technology that can convert garbage-derived feedstocks to renewable diesel, at a significantly lower cost than biofuel companies. The garbage-derived feedstocks include sorted municipal solid waste (garbage), wood and agriculture waste, tires, blue-box waste, all plastics and virtually any other cellulosic waste product into high grade renewable diesel.

Cautionary Note Regarding Forward-looking Statements

This news release contains certain forward-looking statements and forward-looking information (collectively referred to herein as "forward-looking statements") within the meaning of applicable Canadian securities laws. All statements other than statements of present or historical fact are forward-looking statements. Forward-looking statements are often, but not always, identified by the use of words such as "anticipate", "achieve", "could", "believe", "plan", "intend", "objective", "continuous", "ongoing", "estimate", "outlook", "expect", "may", "will", "project", "should" or similar words, including negatives thereof, suggesting future outcomes.

Forward looking statements are subject to both known and unknown risks, uncertainties and other factors, many of which are beyond the control of the Company, that may cause the actual results, level of

activity, performance or achievements of the Company to be materially different from those expressed or implied by such forward looking statements, including but not limited to: the use of proceeds of the offering, receipt of all necessary approvals of the offering, general business, economic, competitive, political and social uncertainties; negotiation uncertainties and other risks of its industry. Although the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking statements, there may be other factors that cause results not to be as anticipated, estimated or intended.

Forward-looking statements are not a guarantee of future performance and involve a number of risks and uncertainties, some of which are described herein. Such forward-looking statements necessarily involve known and unknown risks and uncertainties, which may cause the Company's actual performance and results to differ materially from any projections of future performance or results expressed or implied by such forward-looking statements. Any forward-looking statements are made as of the date hereof and, except as required by law, neither the Company assumes no obligation to publicly update or revise such statements to reflect new information, subsequent or otherwise.

The CSE has not reviewed and does not accept responsibility for the adequacy or accuracy of the content of this news release.
