About Cielo Waste Solutions Corp.

Cielo is a publicly traded company with a proprietary technology that transforms landfill garbage into high-grade diesel, kerosene (aviation jet and marine fuel) and naphtha. Cielo's proven and patented technology is currently being deployed in the Company's Aldersyde, AB facility, where wood waste is currently being converted into renewable fuels. Cielo's experienced management team is well positioned with strategic partners in place to expand aggressively across Canada, into the US and then globally. The waste/feedstock that will be used in the Company's green facilities is the world's most available and inexpensive feedstock, garbage; including household, commercial/ construction/demolition garbage, used tires, railway ties, telephone poles, as well as all types of plastic, some of which currently cannot be recycled and/or deposited into landfills. **Cielo's goal is to manufacture waste to fuel while ridding the world of unwanted and problematic garbage.**
