During, and subsequent to the quarter ended October 31, 2023, Cielo achieved the following goals:

- Closing of an asset purchase transaction with Expander Energy Inc. (“**Expander**”), as disclosed in a news released dated November 10, 2023, as a result of which Cielo acquired assets and liabilities of Expander, as well as an exclusive license in Canada for all feedstocks and in the United States for creosote and treated wood, to operate the EBTL™ and BGTL™ technologies business acquired from Expander, which management believes will allow Cielo to accelerate its timeline to revenue while enhancing Cielo's existing proprietary Thermal Catalytic Depolymerization (TCD) technology; and
- Completed the sale of the Company's property in Fort Saskatchewan, Alberta (the “**Fort Saskatchewan Property**”), and the resulting elimination of the Company's \$11 million mortgage loan, as disclosed in a news release dated August 3, 2023.

## OUTLOOK

During, and subsequent to, the quarter ending January 31, 2024, Cielo anticipates the following:

- Following receipt of the requisite special majority approval of the Company's shareholders at Cielo's annual general and special shareholder meeting held on October 26th, 2023, the Company's board of directors has authorized management to proceed with a share consolidation (the "**Consolidation**") on the basis of one post-consolidation common share for every fifteen pre-consolidation common shares of the Company. Management may enact the consolidation at such time as is optimal. The Consolidation is subject to the approval of the TSX Venture Exchange. An update will be provided with the effective date of the Consolidation once determined.
- On December 7, 2023, the Company announced a proposed flow-through private placement on a non-brokered basis (the "Private Placement"). The Company intends to raise up to \$6 million in gross proceeds by issuing up to 150,000,000 flow-through shares (the "FT Shares") at a price of \$0.04 per FT Share.

## RESTATED FINANCIAL STATEMENTS

During the second quarter ended October 31, 2023, Cielo identified that certain assets were incorrectly excluded from the impairment calculation of assets held for sale at July 31, 2023. As a result, the impairment of property, plant and equipment and the net and comprehensive loss previously reported of \$2.7 million and \$4.8 million, respectively, during the quarter ended July 31, 2023 were understated by \$1.1 million. Cielo restated these financial statements resulting in an impairment of property, plant and equipment and net and comprehensive loss of \$3.8 million and \$5.9 million, respectively. In addition, Property, plant and equipment and total assets previously reported of \$12.2 million and \$26.6 million, respectively, were overstated by the same \$1.1 million. These restated financial statements reflect the restated balances of Property, plant and equipment and total assets of \$11.1 million and \$25.5 million, respectively. The basic and diluted loss per share is \$0.01 and cash used in operating activities remained unaltered at \$1.4 million.
